

## NEWS RELEASE

October 7, 2022

✧ YASUI ARCHITECTS & ENGINEERS, INC.

---

### Yasui Architects & Engineers, Inc. has introduced carbon neutral city gas to the Head Office building in Osaka

---

We are pleased to announce that Yasui Architects & Engineers, Inc. (Head Office: Chuo-ku, Osaka, President & Principal Architect: Yoshihiko Sano) has introduced carbon neutral city gas supplied by Osaka Gas Co., Ltd (Head Office: Chuo-ku, Osaka, President: Masataka Fujiwara). The carbon neutral city gas reduces the global warming gas emissions by offsetting the CO<sub>2</sub> produced from its extraction to combustion using carbon credit, which will contribute towards reducing 120 tons of CO<sub>2</sub> per annum. We made a pledge back in October 2021 to work towards carbon neutral as a cooperate responsibility. In order to create a sustainable environment where people can live in good health and comfort, we will continue to pursue carbon neutrality and zero emission.
