
Wholly owned local subsidiary established in Hanoi, Vietnam
Establishment of YASUI ARCHITECTS VIETNAM CO., LTD.
～Ho Chi Minh City office integrated; operations commenced at new office～

YASUI Architects & Engineers, Inc. (Head Office: Osaka, Japan; President & CEO: Yoshihiko Sano) is pleased to announce that we have established a wholly owned local subsidiary, 'YASUI ARCHITECTS VIETNAM CO., LTD.', in Hanoi, the capital of the Socialist Republic of Vietnam, and has commenced operations at its new office.

We are strengthening our business structure in Vietnam and establishing a new base in Hanoi. By making it a wholly owned local subsidiary, we will deepen collaboration with our headquarters in Japan, accelerate decision-making, enhance management flexibility, and aim for further growth in the expanding Vietnamese market.

Since entering the Vietnamese market in 2017, we have been working to build a local business foundation and have developed its operations locally, including the opening an office in Ho Chi Minh City in 2020. Going forward, with Hanoi serving as the center of our operations, we will combine the diverse expertise and local network we have built over the years to promptly deliver high-quality design and technical solutions that contribute to the development of Vietnamese society.
